

Big and blue... Not inhibited in the way we do things... We stand and deliver.. It's always going to sound cheesy when I say this but we're definitely commercial and pragmatic... It's a lack of stuffiness... Nobody has got their head stuck up their backside... Unbelievable friendly.. Open... Entrepreneurial... Professional, relaxed, human... Focused... Fun... Fresh... More fun... Forward thinking, innovative... Ambitious... Don't do drugs... On hand, on time, on budget

Because we attract people who are entrepreneurial, people who want to go out there and do things differently, succeed and are prepared to take things on and give it a go.... You can't box those people in.
